

SEMINAR ON CONTEMPORARY FIQH

Friday, 20 November 2009

SEMINAR ON CONTEMPORARY FIQH

FIQH AL-BI'AH (Environment)

THEME : Preserving Environment: Islamic Order

Introduction

Whether we realize or not the environmental damage and pollution produced by humans, disrupt the natural balance of the earth. This slowly threatens the life of creatures on this earth. If the issue persists, it will be disastrous. This calls for good natural resource management based on the teachings of Islam. The main objective of this seminar is to sustain the nature which will benefit mankind and future generations.

Objectives

•
To increase awareness and understanding of religious responsibilities related to the preservation of the earth for future generations.

•
To explore and study the sustainability of nature based on al-Quran and Sunnah..

•
To reflect on the relationship between of consumption natural resources and the environmental and social consequences..
